Dear Ms. Shull:

By several sources I have learned about the support to the Richard Neutra's 1961 Cyclorama Building at Gettysburg a National Historic Landmark. For all of us who admire Mr. Neutra's work this building represents one of the highlights of his brilliant career and certainly deserves such a nomination no matter the year in which it was built. As a AIA gold medalist I offer my full support for such a nomination hoping that it will be approve for the benefit of American Architects.

Sincerely,

Ricardo Legorreta
